

Recruitment notice no.: THS-C/RN/04/2025

Dated: 17 February 2025

1. BRIC-Translational Health Science and Technology Institute (THSTI) is an Institute of the Biotechnology Research and Innovation Council, Department of Biotechnology, Ministry of Science & Technology, Govt. of India. The institute is an integral part of the interdisciplinary NCR Biotech Science Cluster located at Faridabad, and is designed as a dynamic, interactive organization with the mission to conduct innovative translational research and to develop research collaborations across disciplines and professions to translate concepts into products to improve human health.
2. BRIC-THSTI has built several inter-institutional collaborations and connectivity with industry supported by well-trained teams of research and laboratory staff. THSTI has established various centres namely (a) Centre for Maternal and Child Health, (b) Centre for Viral Therapeutics and Vaccines (c) Centre for Tuberculosis Research (d) Centre for Microbial Research, (e) Centre for Immunobiology and Immunotherapy (f) Centre for Drug Discovery (g) Clinical Development Services Agency (h) Computational and Mathematical Biology Centre (i) Centre for Bio-design and Diagnostics. These centres are strengthened by many core facilities viz. Bioassay Laboratory, Biorepository, Biosafety Level -3 Lab, Data Management Centre, Immunology Core laboratory, Multi-OMICS facility, Experimental Animal Facility, Vaccine design and Development facility, School of Innovation in Biodesign etc that serve as huge resources for the research programmes of THSTI and also the National Capital Region Biotech Science Cluster and other academic and industrial partners.
3. This recruitment is to fill up the vacancies for project positions at Clinical Development Services Agency (CDSA) center. CDSA is a niche center of THSTI established to facilitate development of affordable healthcare products for public health diseases. It is the only public Centre in the country created with a mandate to support and nurture cost-effective, high quality, not-for-profit technology-based preclinical and clinical product development as well as support clinical research conducted by public agencies. It works towards development of an eco-system for training and learning and work with public sector institutions, and small and medium enterprises (SME) to translate innovative technologies into medical products for public good.
The main objectives of CDSA are:
 - a) As an academic Clinical Research Unit, to undertake & provide end -to- end clinical study support for investigators and SMEs in study planning, set up, conduct: project management, monitoring, data management, safety reporting, analysis and report writing
 - b) Build research capacity and capability through high quality training in the area of clinical development/trials and regulation
 - c) Support and strengthen clinical research environment in the country
 - d) Regulatory science and policy support: provide tools and approaches to support researchers, regulators, health policy makers & industry

Applications are invited from eligible candidates to fill up the below position:

1.	Name of the post & Number of posts	Project Technical Support III (01)
	Name of the Project	Building Evidence and Designing Solution to Prevent Stillbirths in India-A collaborative approach to retrospectively analyze pregnancy cohort in India
	Emoluments	Rs. 28,000/- + 5,040/- (18% HRA) = Rs. 33,040/-
	Age	40 years
	Minimum Educational Qualification and Experience	<p>M.Sc. in Statistics/ Biostatistics/ Applied Mathematics/Data science or equivalent from the recognized university.</p> <p style="text-align: center;">OR</p> <p>BTECH in computer science/data science</p> <p style="text-align: center;">OR</p> <p>Bachelor's Degree in Computer Science/Statistics/Mathematics with two years post qualification experience in biostatistics/ data science.</p>
	Job profile	<p>Will assist the Biostatistician in all biostatistics related tasks of the department, for eg: preparing dataset for statistical analysis, doing exploratory data analysis, data visualization, preparing manuscript-ready figured and tables.</p> <ul style="list-style-type: none"> • Manage, clean, and preprocess datasets from diverse sources, ensuring data integrity and consistency. • Develop and maintain detailed documentation for data cleaning, merging, and variable creation and other processes involved for getting data clean and ready for analysis. • Conduct advanced statistical analyses on datasets using appropriate statistical software. • Apply various statistical methods on longitudinal data to answer specific research questions. • Ensure the application of rigorous data validation and quality control measures throughout the analysis process.
	Skill	<p>Desirable:</p> <ul style="list-style-type: none"> • Experience in computer programming for data analysis and in managing large datasets. Previous use and familiarity of the R statistical programming software. • Strong analytical skills with the ability to interpret and present complex clinical data
<p>➤ For posts mentioned above, interested candidates fulfilling the criteria as mentioned above may walk-in for written test/skill test/interview on 04th March 2025 at 9:00 am on the dates mentioned against each positions at THSTI, NCR Biotech Science Cluster, 3rd Milestone, Faridabad-Gurugram Expressway, Faridabad – 121001.</p>		

NOTE: The candidates must bring their latest resume, one set of photocopy of documents in support of their educational qualification and experience along with originals and a valid ID card for verification. Candidates coming after the time slot mentioned will not be entertained.
